## EDUCATION

**University of Central Florida, GPA: 3.7**  
*B.S in Information Technology, Minor in Digital Media*

Orlando, FL  
Aug. 2022 - May 2026

## EXPERIENCE

**Web Developer**  
*Center for Distributed Learning - Techranger*

Mar. 2025 – Present  
Orlando, FL

- Assisted in the **development, maintenance, and optimization** of web applications, contributing to front-end tasks to ensure a seamless and intuitive user experience across platforms using **React**.
- Update and modify existing widgets and components to align with newly implemented accessibility standards, ensuring improved usability for users, and Search Engine Optimization by up to **20%**.

**UX/UI and Web Development Intern**  
*Limbless Solutions Inc.*

Aug. 2024 - Present  
Orlando, FL

- Developed and maintained accessible web solutions following **WCAG** standards, improving accessibility.
- Designed **wireframes, prototypes, mockups**, and UI concepts using **Figma** and **Adobe Suite**.
- Practiced **SEO** strategies and improved site performance, reducing load times, and increased site visibility and performance, achieving a **15% improvement** in search engine traffic.

**Website Designer**  
*Office of Student Involvement*

Jul. 2024 – Feb. 2025  
Orlando, FL

- Designed and maintained event sites, utilizing **HTML, CSS**, and **WordPress** for responsive and **accessible UI**.
- Redesigned departmental sites to improve usability, modernize the UI, and accessibility, contributing to a **50% increase** in site engagement, with visits rising from an average of **20k visits to 30k visits**.

## PROJECTS

**Mend** | *React, Tailwind, HTML, CSS, Typescript, Figma*

- Led the front-end development and design of Mend, a journaling app that uses AI to analyze entries and suggest healthy coping strategies, utilizing **React, Tailwind**, and **Figma**.
- Conducted user research and gathered feedback, iterating on designs to ensure a seamless, user-centered experience and improving the app's usability and accessibility.
- Collaborated with cross-functional teams to integrate AI-powered features, ensuring smooth front-end functionality and responsiveness across various devices.

**Capistrano Distillery Website** | *React, Tailwind CSS, HTML, CSS, JS*

- Worked on the full development of a responsive and user-friendly website for Capistrano Distillery, from concept to deployment, collaborating directly with the client to gather requirements and provide feedback.
- Collaborated with a designer and implemented all core pages, including Home, About Us, and Products, as well as an appointment booking system.
- Ensured accessibility and responsiveness across devices, adhering to modern **UX/UI** standards.

**Portfolio Site** | *Next.js, HTML, CSS, Typescript*

- Designed and developed a portfolio website to showcase my graphics, projects, and experiences.
- Incorporated mobile-first design principles, ensuring smooth usability and accessibility across all device types.
- Revamped the site in **Next.js** to incorporate enhanced interactivity, modern **UX/UI** practices, and improved accessibility by optimizing contrast ratios, screen reader compatibility, and cross-browser functionality.
